SPRAY STOP
Anti Splash Tape

The solution for Protection
Contact the specialist

The advertisement graphic features a background image of a large cruise ship docked at a port. In the foreground, there is a roll of yellow 'SPRAY STOP' tape on the left and a close-up of a pipe fitting with a spray of water being contained by the tape on the right. At the bottom, three logos are displayed: Bureau Veritas, the DS logo, and the ABS Type Approval Program logo.

- Designed to wraparound tubing, hoses, piping, fittings, and valves in marine and offshore applications.
- Prevents fires by containing sprays and leaks of flammables and hot fluids.
- Made of aluminized fiberglass cloth with special adhesives and release liner.
- Required by new Solas and IMO regulations.
- Certified by ABS, DNV, and Bureau Veritas.
- Available in widths of 35mm, 50mm, 140mm, 250mm, & 500mm.
- Rolls are 10 meters long.
